Alaskan Center for Energy and Power

March 2015
Abstract

A summary of efforts in Malaysia and Australia in the PV/Diesel/Battery area with Malaysia mostly winning.

Introduction

1. Malaysia
2. Australia
3. Sky Cameras

This talk is completely based on info from A....

Remember that every view is based on where you are looking from
so OPS, ...

Malaysia

Much good stuff from OPS.

ARENA A single slide which links to ARENA and says what they are doing in general. (Leon as the source ??).

Northern Territory: SETuP
